## Brad E. Hill Member

### PROFESSIONAL EXPERIENCE:

Brad is a founding member of **Green Insight**. As the business development member he is responsible for business operations, contract administration, Green Rater recruitment, and educational outreach. Brad has extensive experience in the development of affordable housing projects and programs. A former home builder, Brad worked for the New Mexico State Housing Division as a planner and the New Mexico Mortgage Finance Authority as the Compliance Manager. Brad formed Brad E. Hill Consulting Inc. in 1999 and has provided affordable housing project management and program management for a multitude of projects in New Mexico.

With extensive experience in public policy development and as an elected official, Brad has taken on the role of Advocate for the USGBC New Mexico Chapter. In this capacity Brad is working with federal, State and local elected officials and policy makers to encourage the acceptance and adoption of green building practices into the built environment. As an affordable housing professional Brad is passionate about applying effective green building concepts into affordable and workforce residential construction. With a leadership position within the NAHB Brad is also seeking to transform the residential market place for a more sustainable future.

Brad is a dedicated ambassador for the green building movement and advocate for future generations who depend on sustainable development today.

## **CONSTRUCTION EXPERIENCE:**

- **Residential Construction**

Licensed General Contractor  
Home Builder 1982 – 1992  
Multi Family Construction Management  
Brad E. Hill Consulting 1999 - present

## **RESIDENTIAL LEED™ PROJECT EXPERIENCE:**

- **LEED for Homes Provider**

Executive Director of Foundation for Building (FFB), FFB was the first entity identified by USGBC as a LEED for Homes Provider in New Mexico. FFB also operated as the certifying entity for Build Green New Mexico.

In this capacity Brad administered the entity that first endeavored to provide Green Building certification services to the residential construction community. In 2009 FFB transferred the LEED for Homes Provider designation to Green Insight.
